Advanced **HANDS ON** clinic
CorelDRAW for Lasers
PROFESSIONAL CorelDRAW TRAINING

Trotec Laser/Andy Wingfield CorelDRAW and Laser TRAINING

February 11th and 12th (Two- DAY SESSION –St Louis
Location to be determined.

St Louis Missouri
Friday and Saturday February 11th and 12th

Early Bird special \$495.00 includes two days of training
and a CD of the two day class.

Computers and software are provided and this class has hands
on individualized training.

Trotec Laser/Andy Wingfield is proud to present an informative two
day session on CorelDRAW with hands on applications specifically
geared towards the laser engraving industry.

- Due to the overwhelming response to our one day clinic, we've
expanded our format to include a special hands-on application
clinic. Open to users of all laser engravers and those looking to
purchase a laser.
- Make CorelDRAW work for you! If you are a new user or are just
looking to get the most out of your CorelDRAW software, then this
course is for you.
- The training will take place in St Louis at a Hotel to be decided.

Learn from CorelDRAW Training Partners...

Who are also EXPERT USERS!

John McDaniel is a well known and respected educator in the
Awards and engraving industry, and with his wife Judy, will be
instructing both classes.

- John and Judy operate JHM Marketing, a supplier of engraving
software and training services. They also own and operate Moments
Remembered, a retail personalized gift shop.
- John pioneered the use of CorelDRAW in the personalized
products industry and has been using it since 1989.
- They have been teaching CorelDRAW for engraving, sandblasting,
sublimation, etc. since 1991.
